ONLine Access

How to set up gmail account to send mails from PROS CS

A048

If you have Gmail 2-step verifications, disable it.

Signing in to Google

Password Last changed May 21, 2019 >

Use your phone to sign in Off >

2-Step Verification Off >

Once the 2-step verification is disabled, enable the feature "Less secure app access".

← Less secure app access

Some apps and devices use less secure sign-in technology, which makes your account vulnerable. You can turn off access for these apps, which we recommend, or turn it on if you want to use them despite the risks. Google will automatically turn this setting OFF if it's not being used.
